Red Hot Chili Peppers' Anthony Kiedis: Revelling it up with stars-a-plenty!

PARTY ANIMALS!

A CELEBRITY cavalcade invaded the backstage area at The Palace in Hollywood during the recent The Lemonheads/Hole/Walt Mink two-night stint. Amongst the revellers were: Hole's Courtney Love, The Lemonheads' Evan Dando, Red Hot Chili Peppers' Anthony Kiedis (looking rather dandy in a turtleneck jumper), various members of That Dog, Faith No More's keyboardist, Roddy Bottum, E.T.'s Drew Barrymore (who now models jeans!), one-time Evan Dando roomie, Julianna Hatfield, and actress Rosanna Arquette with fiancé John Sidel (owner of Small's nightclub and lead singer of Fudge Factory). The happy couple tie the knot on December 18.

Blind Melon's Shannon Hoon - a rare shot of the singer with his clothes on!

SHANNON GETS HIS KIT OFF!

BLIND MELON vocalist Shannon Hoon was recently arrested in Vancouver for performing a concert stark naked!

Hoon began the show dressed in just a bathrobe, which was later discarded for a few numbers, and he was even seen urinating off the side of the stage! He was not jailed or fined for the offence, but the band will make amends by playing a

benefit show sometime in December.

Some readers might have seen Blind Melon also posing nude on the cover of a recent edition of *Rolling Stone* magazine. Explained Hoon: "We figured while all the people with great figures were blessing the covers of other magazines, we would give hope to the pale and out of shape!"
